

I am writing in the concern of losing my favorite radio station K-LOVE. This station makes a huge impact and is very neccessary to make my society a better place. People that are just scanning through stations some times stop on this station and it changes their life. If LPFM were to replace K-LOVE I would completely turn off my radio. K-LOVE not only plays great music, it encourages. K-LOVE helps my day to start off great. I learn many new perspectives on life. This station is the #1 encouraging station, and everyone needs encouragement. This encouragemnt only comes through the one and only Jesus Christ, and K-LOVE is the only station that clearly shows that. I hope and pray that K-LOVE stays on the air and isn't taken over by LPFM!
